

The 42<sup>th</sup> Asian Conference on Remote Sensing  
22-24 November, 2021 at Can Tho University, Can Tho, Viet Nam

## THE THIRD ANNOUNCEMENT

The 42<sup>th</sup> Asian Conference on Remote Sensing (ACRS2021) will be held on 22-24 November, 2021 at Can Tho University, Can Tho, Viet Nam. The conference is expected to be an interdisciplinary forum for leading researchers and students in related areas to present the latest developments, works, and applications, to discuss cutting-edge technology, to exchange research ideas, and to promote international collaboration in this field.

**Presentations:** Onsite and online presentations will be organized. The online participants are requested to provide a video file of the presentations for backup.

All the sessions are most likely to be organized mainly online and partly on-site. All the international participants are recommended to participate online due to the rule of quarantine period for COVID-19 pandemic prevention in Vietnam (21 days of centralized quarantine and another 7 days of home quarantine for foreigners after arriving in Vietnam).

| <b>Deadline for abstract submission</b>             | <b>15<sup>th</sup> August 2021</b> |
| <b>Notification of abstract acceptance</b>          | <b>20<sup>th</sup> August 2021</b> |
| Deadline for full-text/extended abstract submission | 20 <sup>th</sup> September 2021    |
| Deadline for conference registration                | 30 <sup>th</sup> October 2021      |
| Conference dates                                    | 22-24 <sup>th</sup> November 2021  |

### Registration Fee

| Category                  |         | Online Participants | On-site Participants |
|---------------------------|---------|---------------------|----------------------|
| International Participant | Regular | USD 50              | +USD 100             |
|                           | Student | USD 50              | +USD 50              |
| Domestic Participant      | Regular | USD 50              | +USD 100             |
|                           | Student | USD 50              | +USD 20              |

### Conference publications

- Either full paper or extended abstract is acceptable for ACRS proceedings.
- Those who are applying to the Shunji Murai Award, Innovation Award and Green Asia Award are requested to submit full papers. The winner's papers are invited to be published in Asian Journal of Geoinformatics (ISSN: 1513-6728). In that case, the (extended) abstract will be published in ACRS proceedings.
