PREFACE

These Departmental Survey Regulations are for the guidance of all members of the Survey Department and surveys undertaken by the licensed surveyors under the supervision of Survey Department in their task of land surveys in Sri Lanka.

These survey regulations should be read in conjunction with the Standing Orders and Technical Instructions. All circulars issued prior to this date which are inconsistent with these departmental survey regulations are hereby cancelled and amendments to these orders will be issued in the form of circulars and circular letters.

I am grateful to all sectors of staff who toiled hard to revise the regulations and bring out this publication in splendid form.

The users are kindly requested to send any comments to me so that the next edition could be improved further.
